Porto Heli

Porto Heli is a popular destination for Greeks and other Europeans.

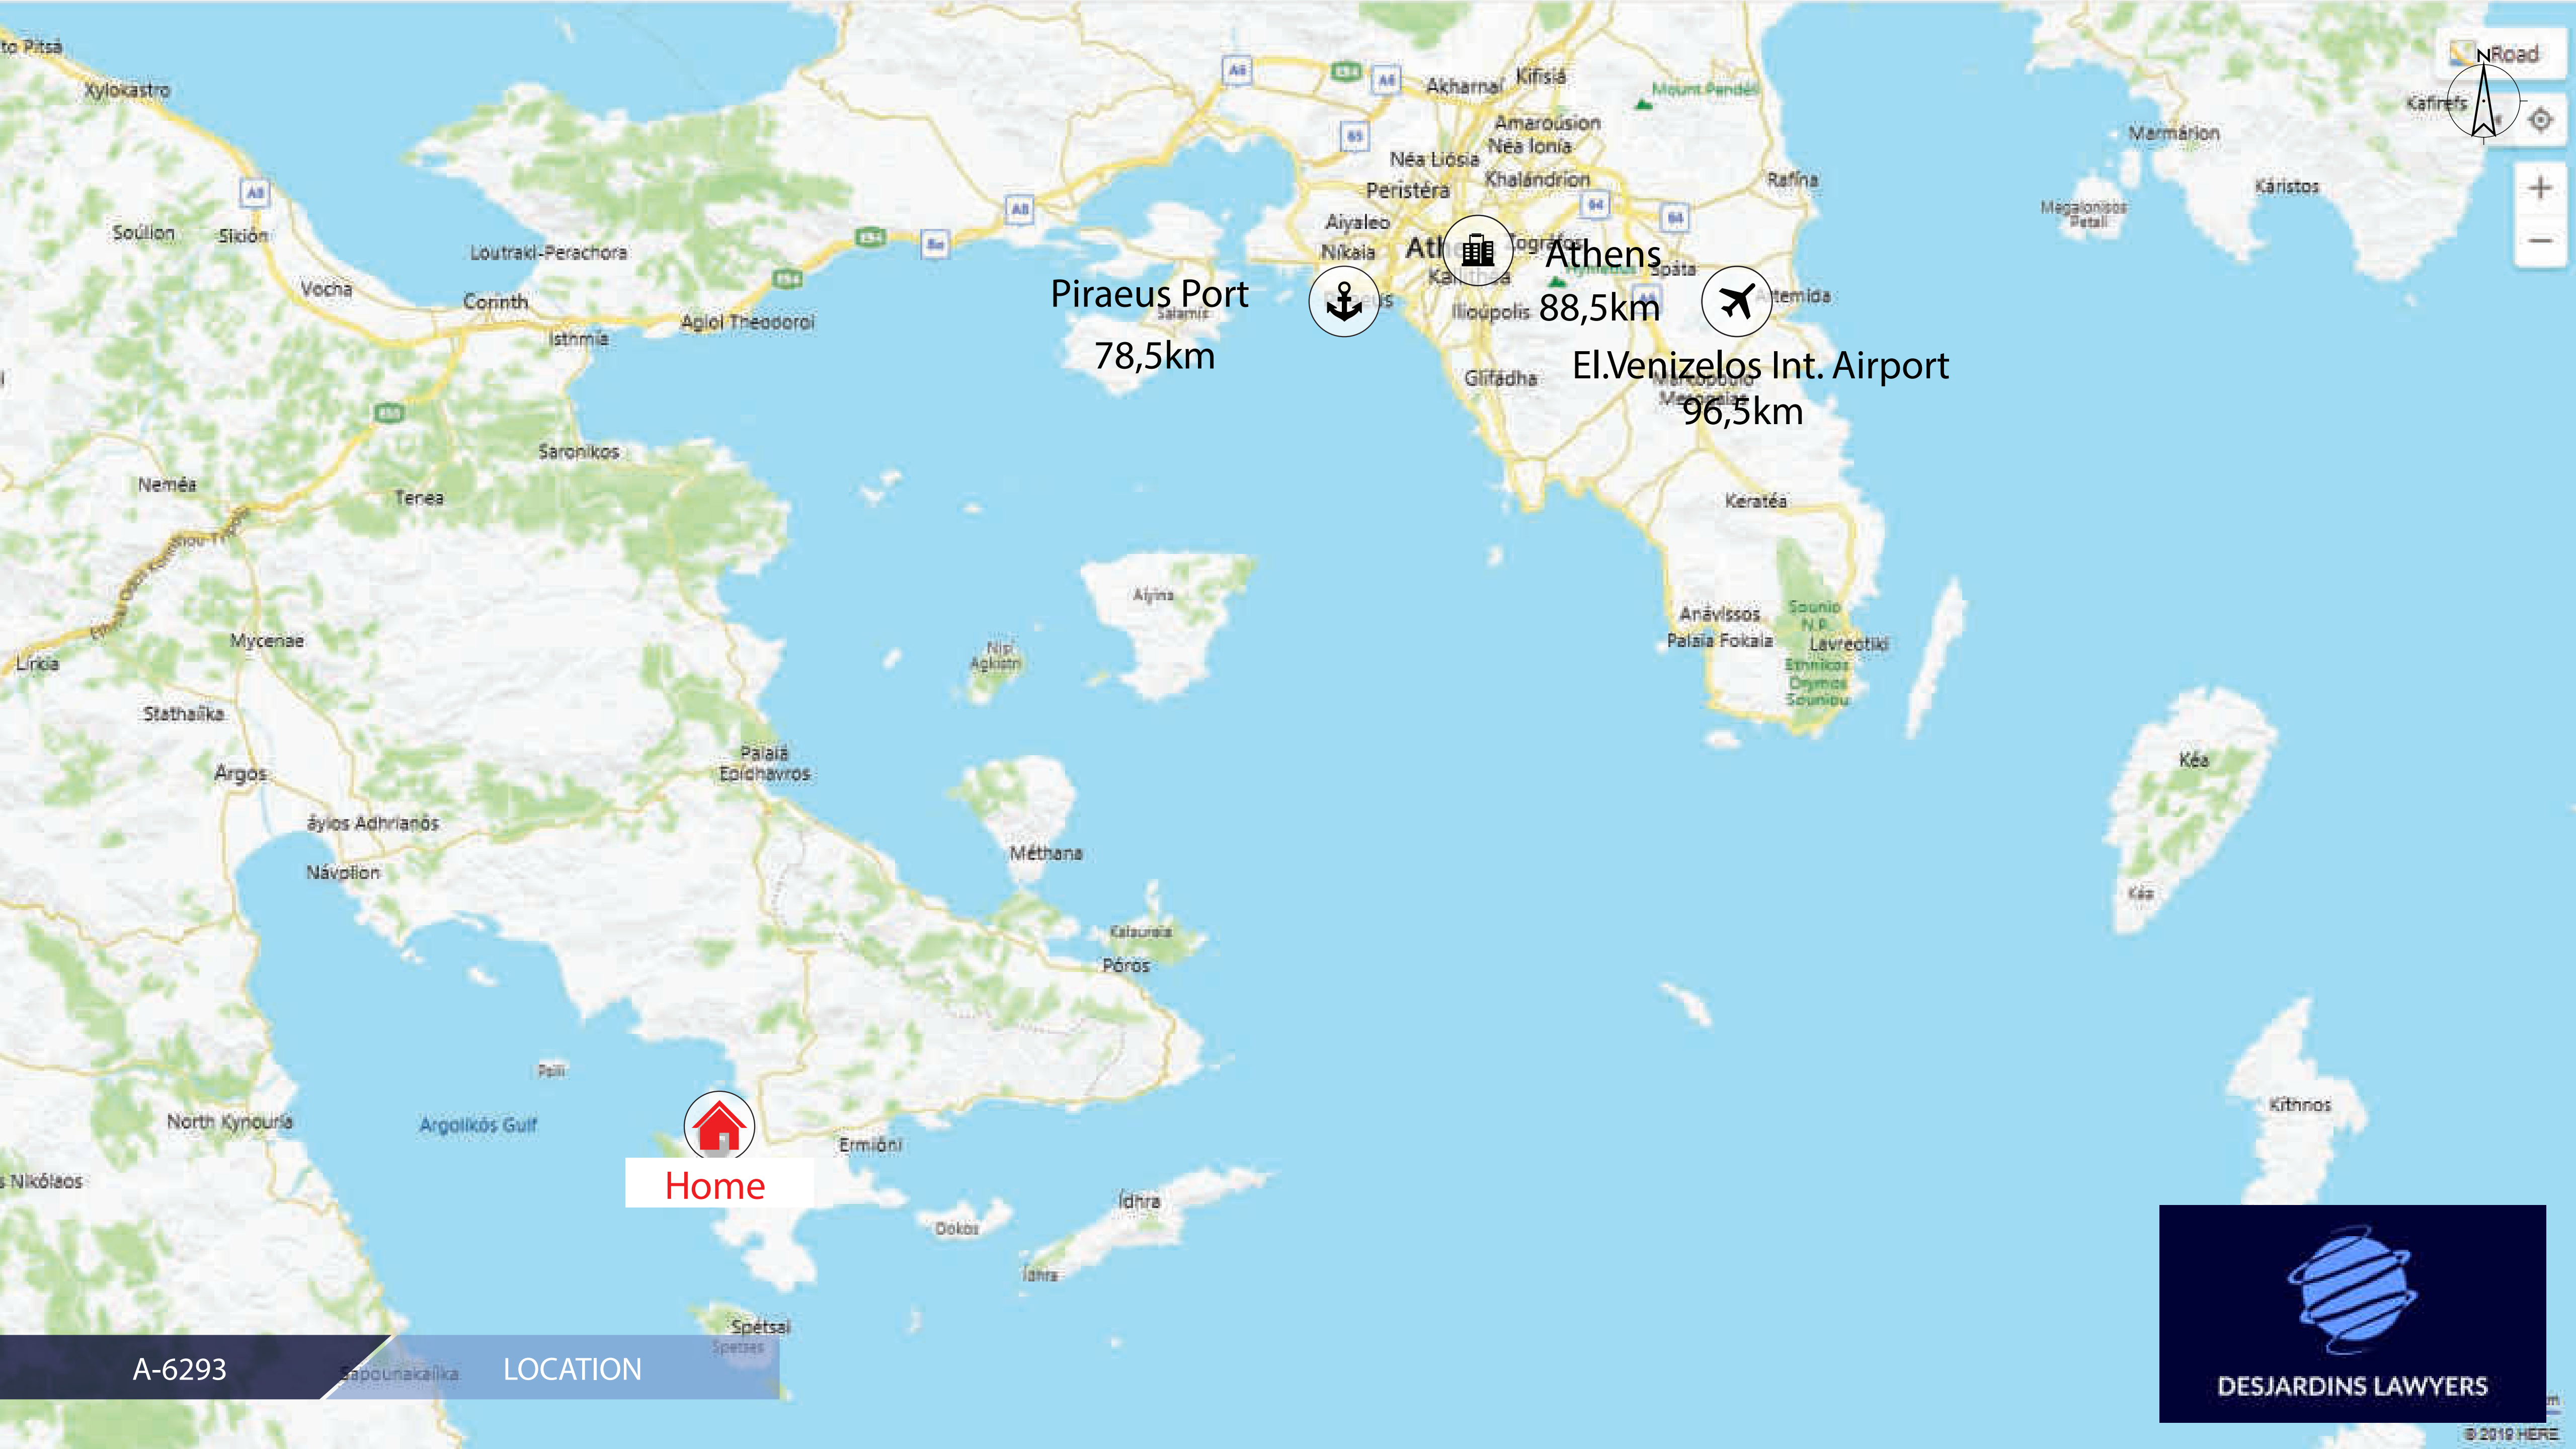

Located directly across the bay from the modern town, the ancient city of Halieis dates back to the 7th century B.C. At its most powerful, around 500 B.C., Halieis was a city enclosed by walls, accommodating around 2,500 residents in approximately 500 houses. It appears that the city was large enough to have territorial rights and mint its own coins.

With a rich history stretching back to ancient Greece and a vibrant restaurant and café scene, Porto Heli has managed to retain some of its small fishing village charm.

Located in the southern Peloponnese region of Greece, Porto Heli can be reached from Athens via car, bus, or ferry in around two and a half hours.
